B-012: Can you please verify how the bid bond should read. It is stated differently in 2 separate sections of the bid book.: 1) 5% of the base bid with the aggregate sum of all additive alternates (Invitation to Bid) 2) 5% of the Base Bid sum (Supplementary Instruction to Bidders)

Response: The bid bond should cover base bid and the sum of all additive alternates.

Spec section 00210 Supplementary Instruction to Bidders has been revised per Addendum No 3 to reflect this.

B-013: Please let me know how I should fill out the Alternates on the Bid Form if they do not apply to the discipline for which I am bidding. I am bidding the General Construction contract so what do I put in the spots for the other contracts alternate spaces.

Response: Please write “not applicable" on the Bid Form where appropriate.

B-014: Can the project superintendent serve as the safety officer for the above referenced project?

Response: Yes.

B-015: Can the bid due date be extended?
