FROM: Stephen M. Curtis

DATE: February 5, 2010

SUBJECT: IWC Minutes

This is to inform you that I have taken the following actions on recommendations made to me by the Institution-Wide Committee fall 2009:

- Approved the proposal for a new Associate in Applied Science Degree in Digital Video Production, to be effective fall 2010;

- Approved the proposal to close the Department of Academic Computing (part of a larger restructuring within Academic Affairs); and

- Approved the proposal for Revision of the Computer Forensics Program:

  1. Replace CIS 104 with CIS 105 (adds one additional credit);
  2. Change the sequence of courses so Network Forensics precedes Intrusion Detection and Prevention and modify course numbers to reflect the new sequence;
  3. Change title of Network Forensics to Networking and Forensics;
  4. Replace the Justice/CIS elective with CIS 150 (adds one credit);
  5. The changes increase the graduation requirement to 62 credits.
