

TO: College Community

FROM: Donald General's
President

DATE: February 17, 2017

SUBJECT: IWC Decisions

This is to inform you that I have taken the following actions on a recommendation made to me by the Institution-Wide Committee Spring 2017.

1. Approved the new Business – General AA. The new program is a combination of the two current options into one program for students. This program reflects the College's recent adoption of the guided pathways model, including the sequencing of the courses as well as the course selection options. The BUSA and BUSN will no longer accept new students beginning in the Fall of 2017.
 - A New Course is the BUSL 101. A first year experience course intended to prepare students for the college experience.
 - Two MATH sequence options provide flexibility for the student. 1) FNMT 118 and MATH 161 or 2) MATH 162 and MATH 171.
 - In the second semester students will take MNGT 121, ACCT 102, and ENGL 102.
 - The third semester includes MNGT 141, ECON 182, MKTG 131, ECON 112 and either HIST 121 or HIST 122.
 - In the fourth semester, the student will take their directed Business elective, a Natural Science elective, a Humanities elective and MNGT 262.
