Graduation Application Status

Application status: All Required Courses are “In Progress”

What does this mean?

We have reviewed your academic record to determine your eligibility to graduate. Our evaluation indicates that you are currently registered for courses that will satisfy all requirements for your degree. Changes to your current enrollment may result in you being ineligible to receive your degree or certificate.

To receive a degree or certificate the following must be met:

- Minimum credit requirements specified by your program of study
- Minimum grade point average specified by your program of study
- Meet the college’s residency requirement: Community College of Philadelphia will grant degrees and academic certificates only to students who have earned at least 30 credit hours in residence (through CCP) for a degree and 15 credit hours for an academic certificate. Prior learning assessment can be counted towards the residency requirement. Students on active duty with the Armed Forces need to earn only 15 credits in residence for a degree.
